

Workflow: Modernizing Paper-Based Manuals or Workbooks

Step-by-step workflow to modernize this content type using AI tools:

1. Scan and extract text using OCR tools like Adobe Scan or ABBYY.
2. Summarize with AI (Claude, ChatGPT) for digital format.
3. Rebuild into digital job aids or tutorials.
4. Add quizzes or checklist modules.
5. Translate with AI if needed.
6. Distribute via LMS or mobile learning app.
