

Workflow: Modernizing Text-Heavy SOP or Policy Training

Step-by-step workflow to modernize this content type using AI tools:

1. Ingest SOP/PDF using OCR and AI document readers.
2. Use AI to rewrite into scenario-based training (e.g., ChatGPT prompts).
3. Design step-by-step flows or simulations with H5P or FlowScape.
4. Add audio or AI-narrated elements for clarity.
5. Package as xAPI for LMS use.
6. Validate against compliance standards.
